FARMER JONES AND HIS COW PEN By JUDGE W. M. BRUNSON

out carpet grass in your pasture I shall be glad to tell you again just how I think the job should PLANTING CARPET GRASS-Congress of March 3, 1876. | continue forever as a permanent | RAINY WEATHER - We hap- followed the suggestions made are | The planting of carpet grass is so part of our national economic sys- pen to have a family of neighbors more than satisfied with the re- simple that the most ignorant

toward their own dependents.

folks think that the Lord should send us weather exactly like we send us weather exactly like we many farmers who have not put the ground is covered with carpet grass means to the farmer of this section. I find a mattex. Find a place where many farmers who have not put "LINDY'S" NEW SON BUILD THE FLORIDA CANAL need and that a few days rain is forth the first effort in an attempt grass and cut this turf up in small The Florida Ship Canal has son was born in England on Coronation Day to Col. Charles A. Lindbergh and his wife, the former Lindbergh and his wife, the former the House Rivers and Harbors Anne Morrow is never whether the House Rivers and Harbors and Harbors are the House Rivers and Harbors are the House Rivers and Harbors are the House Rivers and Harbors and Harbors are the House Rivers are the House Rivers and Harbors are Lindbergh and his wife, the former Anne Morrow, is news which makes one feel more certain that fate has its compensations for those who deserve the good-will of the world. The little boy who was kidnapped from the Lindbergh and brutally murdered, can never be brought back to life; but a and brutally murdered, can never be brought back to life; but a reason why it should not be comparents with two little boys to replace their first-born; Jon, now four years old, and the new baby.

The public is at last beginning of the House Rivers and Harbors Leighbor who decides that his crop is lost if it rains as much as three days in succession. I believe in the old saying that every cloud thas its silver lining and I sometimes like to see a rainy spell during the spring months. I have like to see a rainy spell during the spring months. I have like to see a rainy spell during the spring months. I have like to see a rainy spell during the spring months. I have like to see a rainy spell during the spring months. I have like to see a rainy spell during the spring months. I have like to see a rainy spell during the spring months. I have like to see a rainy spell during the spring months. I have like to see a rainy spell during the spring months. I have like to see a rainy spell during the spring months. I have like to see a rainy spell during the spring months. I have like to see a rainy spell during the spring months. I have like to see a rainy spell during our years old, and the new baby. The public is at last beginning time to replant, cut bushes, put we cannot have cows unless we as you go. Put down a block of we cannot have cows unless we have a good pasture. The better summer garden and do the many pasture we have the more cows unless we have a good pasture. The better summer garden and do the many pasture we have the more cows keep up the good work until you domestic event in the Lindbergh family which should touch every American heart. The "Lone Eagle" who first flew the Atlantic alone just over ten years ago still passage for ships between the alone just over ten years ago still remains the heroic figure which he became at that time. Fame he became at that time. Fame he became at the time. Fame and conduct he has remained exactly the sort of a young man which most Americans would wish their sons to grow up to be. We have the more prosperous the farm is bound to be. It makes no difference as to how many cows at all, as they all need grass and an abundance of grass. So far as I know there is no better grass in the pasture thrives and the cattle do fine until after a dry spell. I feel that it is very unthoughtful for a farmer to become discouraged and begin to complain because we happen to have a few days of good the whole has remained exist. It will pay their sons to grow up to be. We think that the whole nation will rejoice with "Lindy" and "Anne" levery cent of the cost back with interest, in 36 years. It ought to rejoice with "Lindy" and "Anne" levery cent of the cost back with interest, in 36 years. It ought to rejoice with "Lindy" and "Anne" levery cent of the cost back with interest, in 36 years. It ought to report that all farmers need to do. Rainy we do have the more cows we can have and the more cows we do have the more prosperous the farm is bound to be. It makes no difference as to how many cows at all, as they all need grass and an abundance of grass. So far as I know there is no better grass. If there is anything better we are entitled to know about it and it is your duty to inform your neighbors if you know the more cows we can have and the more cows we do have the more prosperous the farm is bound to be. It makes no difference as to how many cows at all, as they all need grass and an abundance of grass. So far as I know there is no better grass. If there is anything better we are entitled to know about it and it is your duty to inform the form that a

of made land that is just a little sandy it will be fine. This place THANKS TO PURSANG rain might the grass started. Keen further instructions later on as to how and when to plant it. Here is hoping that you will have the

SUMMARY OF ASST. COUNTY

During the month of May, the stant County Agent spent 21 vidal farm visits, instructing me and boys on their regular farm books. Five days were spent i he office, where 22 letters were wirtten and 10 circular letters with 1,460 copies. A total of 1,281 of--H CLUB WORK-Six regular 4-H Club meetings vere held with 73 present. Three -H Camps and fish fries were d with 54 boys present. Indi-lual club camps are being

anned for one afternoon instead f a county-wide camp.
The Assistant Agent has spent large part of the month in makng individual project visits, checkng on the farm projects and proj ct record books, which the 4-H ooys have in operation. As a whole, many of the records are not up to date until this farm risit is made. The boys are showng great interest in their project work. Much interest is shown in growing hogs for the "4-H Hog sale" to be held in Elba during October for the 300 boys who are

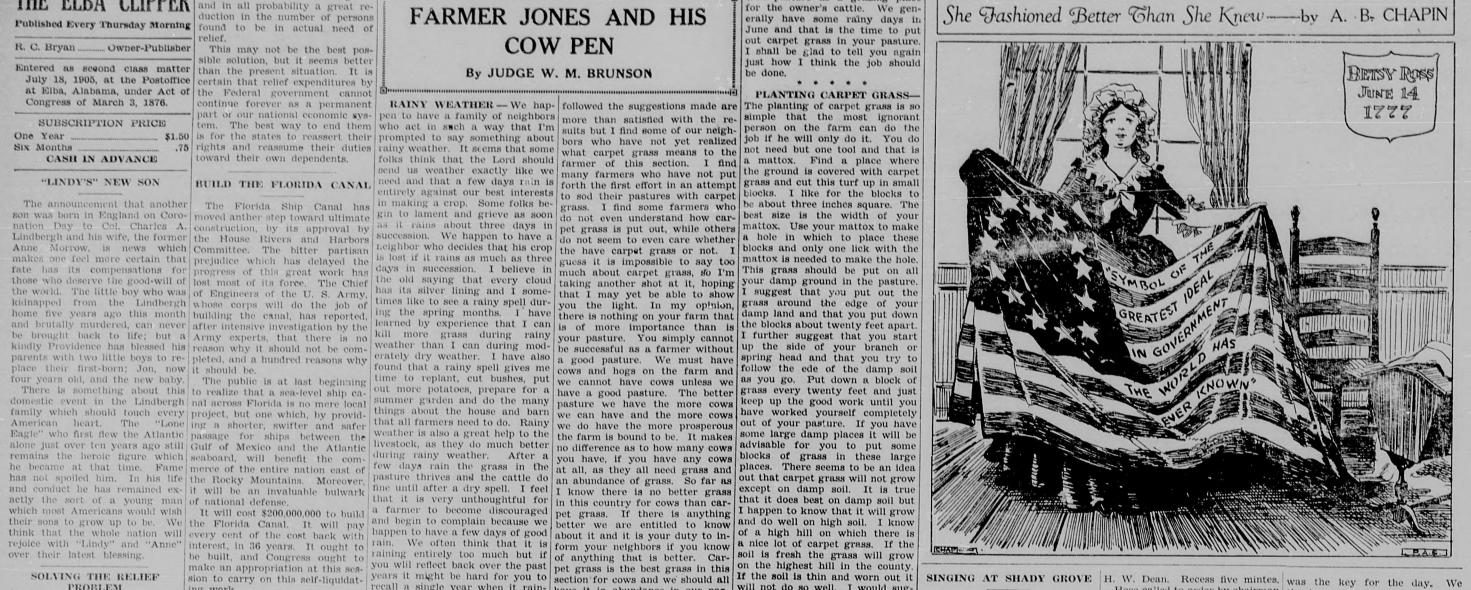

growing hogs as a project.

DEMONSTRATIONS— Fifteen method demonstration were given to 74 men and boys on treating pigs for worms and vaccinating pigs against cholera.
A total of 269 pigs were treated.
Four method demonstrations
were held with 10 ladies present, where 380 baby chicks and broilers were treated for coccidiosis MISCELLANEOUS-The Assistant Agent assisted the County Agent in organizing five

in the county. The associations are borrowing money from the Re-settlement Administration to build plants.

FALSE TEETH STAY PUT

FORD "60" OWNERS REPORT 22-27 MILES PER GALLON

THE 60-horsepower Ford V-8 is writing remarkable mileage records on American roads. Private owners and fleet operators alike report averages of from 22 to 27 miles on a gallon of gasoline. You can fill the tank of your Ford "60" and drive all day - 300 to 400 miles - without stopping again for fuel. Besides costing less to run than any Ford car ever built, it sells at the lowest Ford price in years. That's double economy! The "60" delivers V-8 smoothness and quiet at speeds up to 70 miles an hour. It is built into the same roomy body as the famous "85"-with the same modern features of comfort and dependability that make the 1937 Ford V-8 unquestionably THE QUALITY CAR IN THE LOW-PRICE FIELD.
